

RESEAL-IT®

BENEFITS OF USING RESEAL-IT®

- Fusion hermetic seal for product freshness
- Tamper evidence for consumer safety
- Optimum speeds and low material waste on packaging lines
- High production output vs. clamshell packaging
- Reduces product waste
- Easy to install and maintain label applicator, or labels can be pre-applied to rollstock
- Consistent pack integrity
- Custom label solutions to meet your packaging needs

RESEAL-IT® FEATURES

- Engineered adhesive formulation for repeatable performance and sealing up to 25 times
- Compatible with flexible formats and thermoformed formats (flexible and semi-rigid)
- A variety of label sizes and shapes to fit your package

HOW CAN PRINTPACK'S RESEAL-IT® BENEFIT YOUR BUSINESS?

- Differentiate your product with a unique, easy open and reclose feature
- Increase your profitability with optimum production speeds and reduced waste
- Benefit from a more sustainable packaging system
- Gain peace of mind with a hermetic seal and high quality performance
- Opportunity to launch new products due to the flexibility of the Reseal-it® system

Simply peel to open and swipe to reclose.

Printpack's Reseal-it® system combines a patented label technology with high performance barrier films to provide an innovative easy open feature with a repeatable "swipe" reseal.
